

New here? Let's get you sorted!

Access & Staffed Hours

- The Revo Fitness App is free to download and gives members access to all clubs included in their membership level, and 24/7 access at select locations.
- Your access is linked to your membership and can't be shared or passed on.
- Staffed hours vary by location, so check the Revo Fitness website for your club's details.

Gym Layout & Emergency Exits

- Every club is a little different, and layouts may change as we bring in new equipment or update the space.
- Emergency diagrams show the locations for things such as fire extinguishers, emergency exits and the evacuation muster point.
- Some clubs have multiple entry and exit points.
- When visiting a new club, take a moment to check the emergency diagrams and familiarise yourself with the exits and fire equipment.
- If the club needs to be evacuated, stay calm and exit in an orderly way. Follow instructions from our team during staffed hours or listen to the emergency alert outside staffed hours.

Emergency Area, First Aid Kits & Duress Buttons

- Every club has an emergency area with security pendants and panic buttons, an emergency phone connected directly to security, a first aid kit, and a defibrillator.
- Duress buttons are stationed throughout each club. These go directly to our security company and can be used 24/7.
- Please familiarise yourself with the emergency area and what's available throughout the club before you start training.
- Report all injuries, incidents, hazards, near misses or unsafe behaviour to Revo Fitness as soon as practicable.
- Prompt reporting of incidents and hazards assists Revo Fitness to investigate concerns, manage risks and continually improve member safety.

Using Equipment

- Most equipment has safety and operating instructions, so please give them a read before getting started.
- If you're unsure how something works, don't use it until you've been shown how. You can book in with one of our Personal Trainers, who'll be happy to help.
- Please wipe down equipment after use. Cleaning stations are located throughout the club.
- Towels must be used at all times and can be purchased from the vending machines if you forget to bring one.
- Use equipment as intended, return items after use, and report any damaged or unsafe equipment immediately.

Personal Belongings

- Storage options vary from club to club.
- Though we provide areas for items such as bags to be placed whilst you train, please ensure you keep your valuables on you at all times.

Club Rules & Disclaimer

- Familiarise yourself with and comply with the Club Rules, Code of Conduct and Membership Terms & Conditions which can be found at revofitness.com.au/terms.
- A breach of the Club Rules is a breach of your Membership Agreement.
- If you're new to the gym, we strongly encourage booking a session with a trainer before getting started.
- You train at Revo Fitness at your own risk.
- Got questions? Chat with our team at reception during staffed hours or get in contact with us through support@revofitness.com.au.
- Treat fellow members, visitors and team members with courtesy and respect at all times.
- Help maintain a safe, respectful, and welcoming environment by being considerate of others and following all safety instructions.
